EDITORIAL

It is a great pleasure to welcome you to the “world” of the Journal of Geomatics and Environmental Research (JOGER), a publication of the Department of Surveying and Geoinformatics, University of Ilorin, Ilorin, Kwara State, Nigeria. This is the sixth edition of the journal, precisely the Volume 6 Number 1. In this issue, you will find research and contributions that would be of great benefit. Contributions have been taken from different aspects of the field of environmental research.

This issue presents articles in the areas of Remote Sensing, Geographic Information Systems (GIS), Land Management Systems, and Real estate. The studies in the publication include areas such as the Application Of Mobile GIS in Geo-Tourism In Lokoja Kogi State, Estimation Of Sea Level Anomaly Across The Nigerian Coastal Region Using Satellite Altimetry Technique, 3D Cadastre For Property Registration And Land Management In Akure, Nigeria, Analysis Of Event Centres In Ilorin And Securitized Real Estate Investment Returns Performance In Nigeria, Factors Affecting Students’ Performance In Valuation Courses Among Selected Universities In Osun State, Nigeria.

We look forward to receiving your articles in subsequent editions of the journal.

Thanks for publishing with *JOGER*.
